

BORGHOLM ENERGI - FORDONSMANUAL

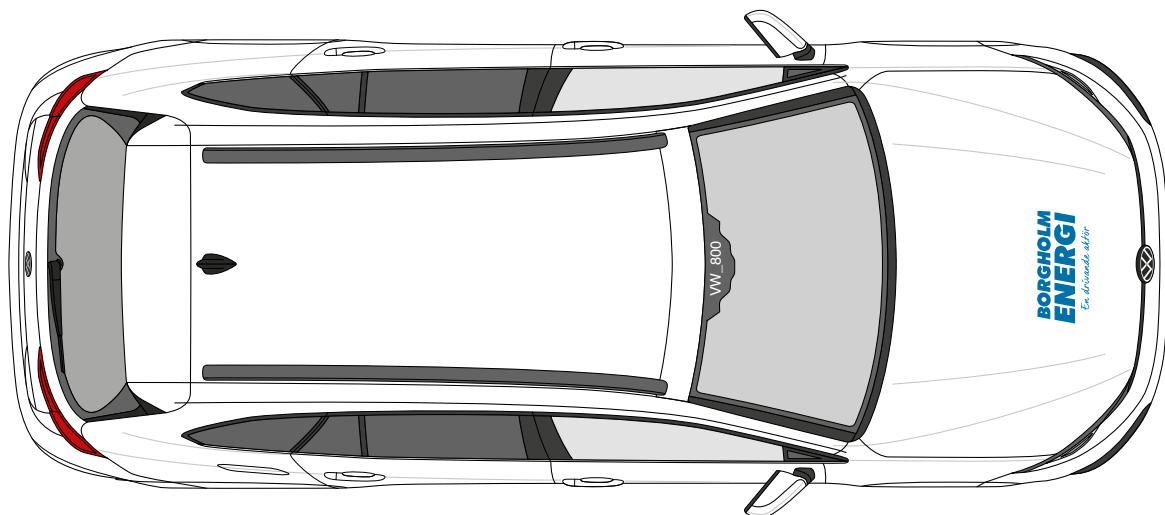

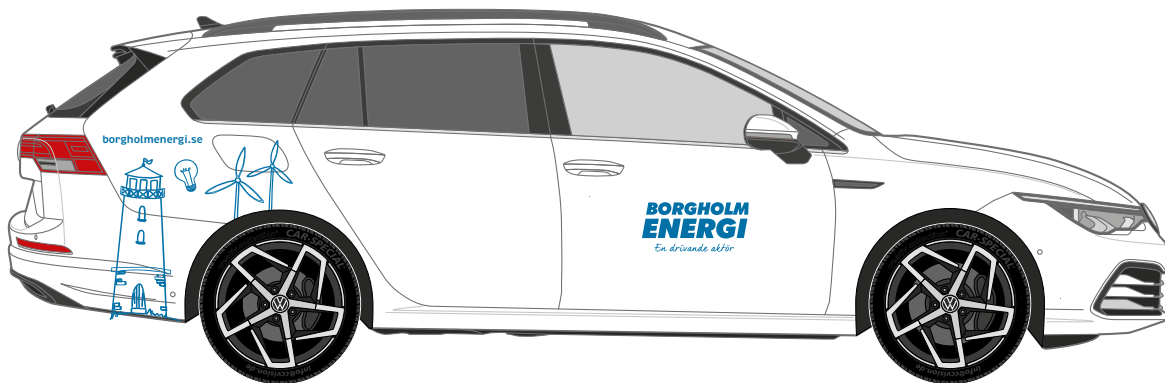

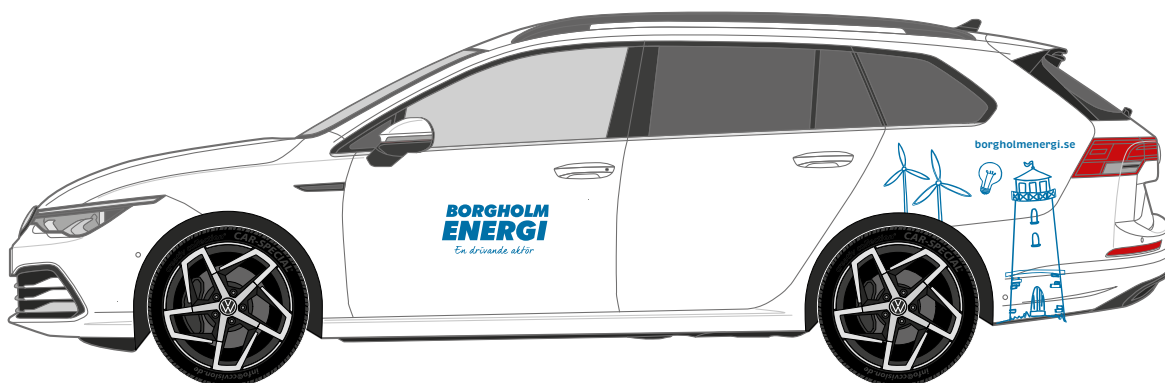

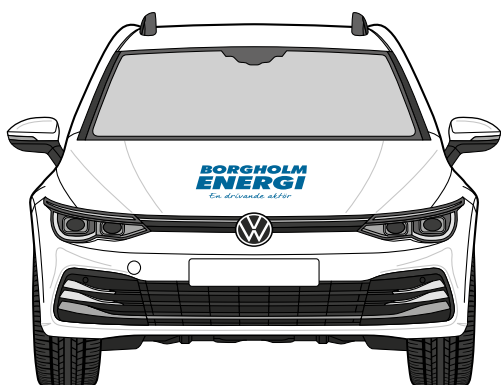

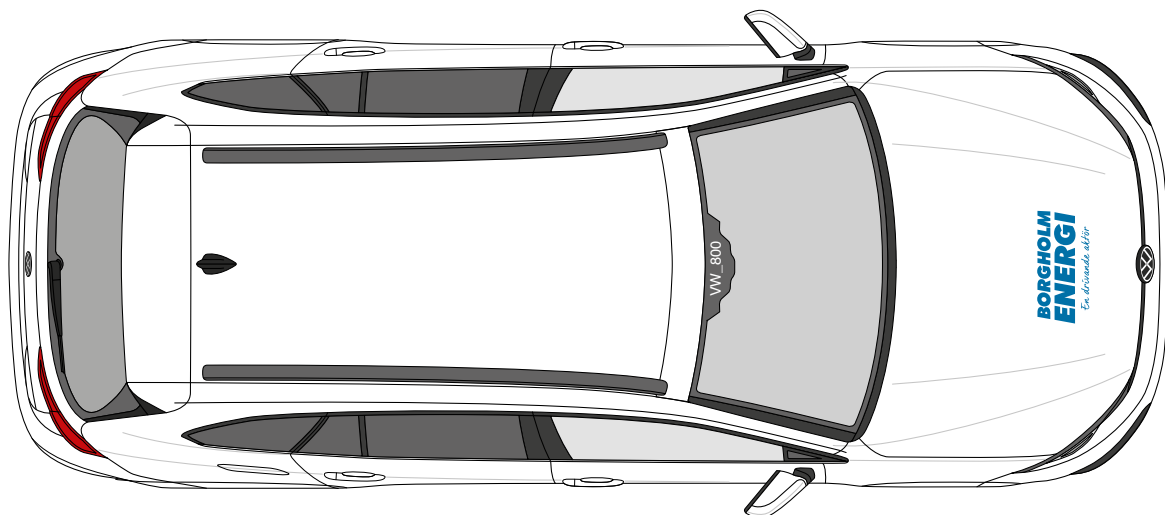

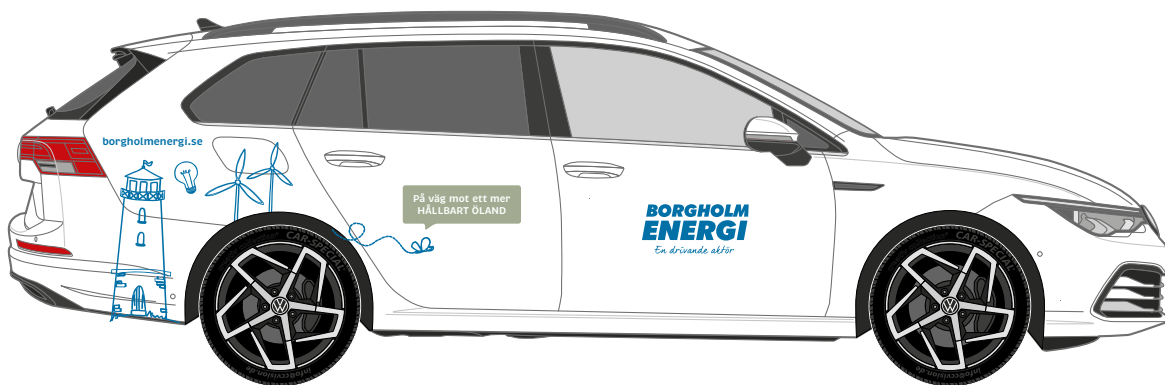

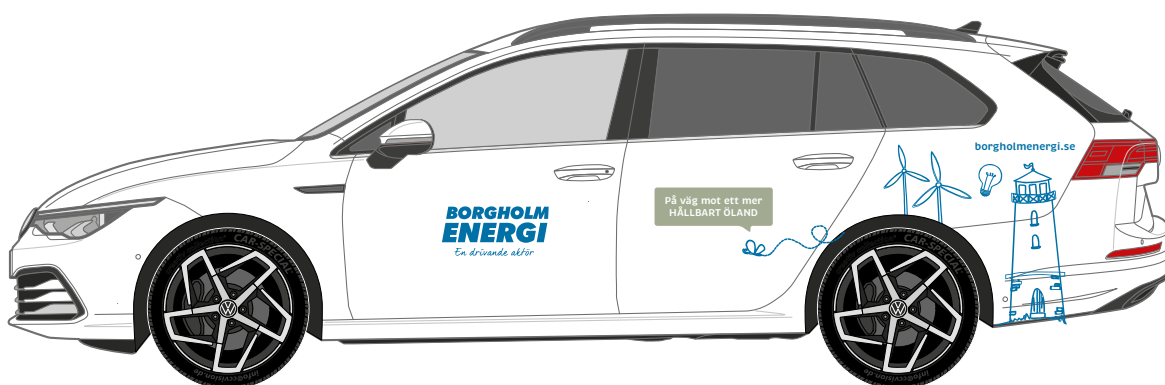

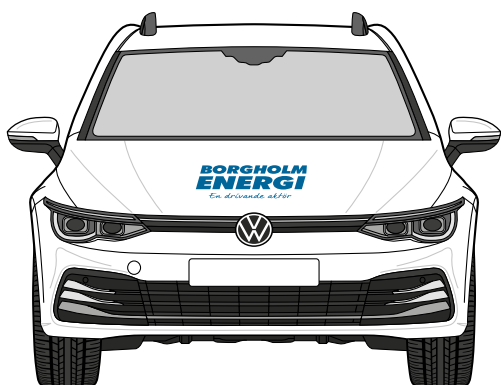

Fordonsmanualen ska ge inspiration och förslag till designlösningar för Borgholm energis bilar. I manualen finns tre bilmodeller som i sin tur finns i tre olika utföranden:

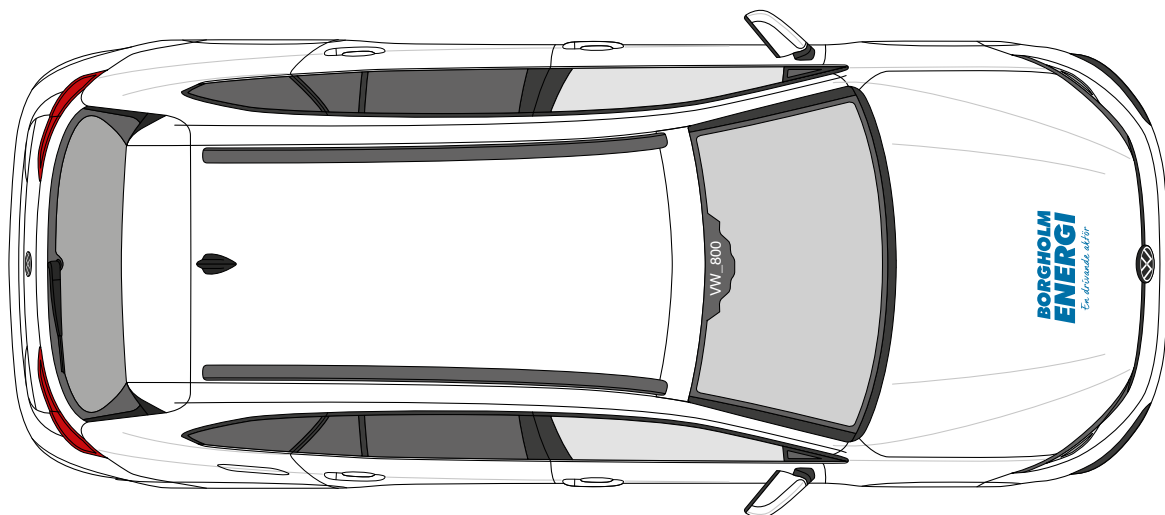

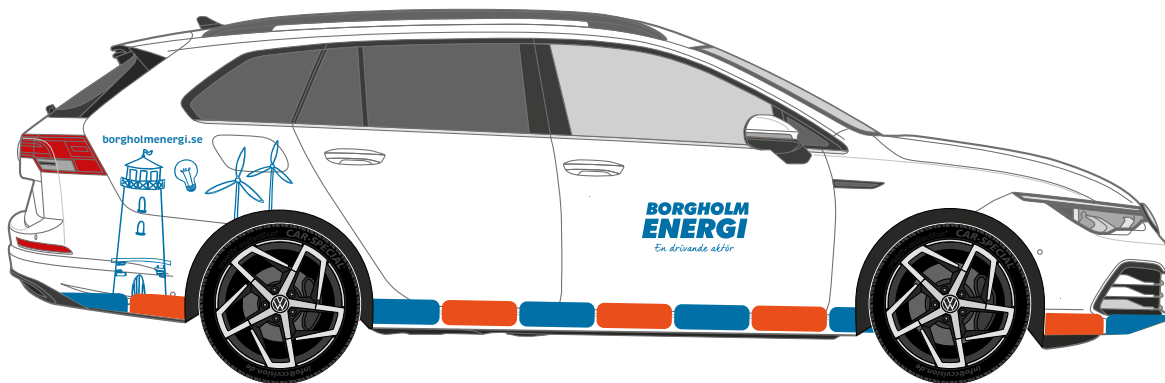

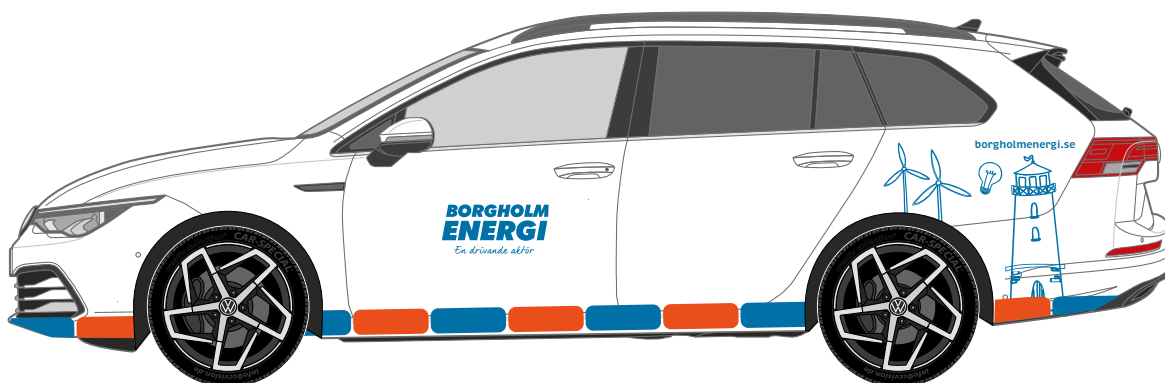

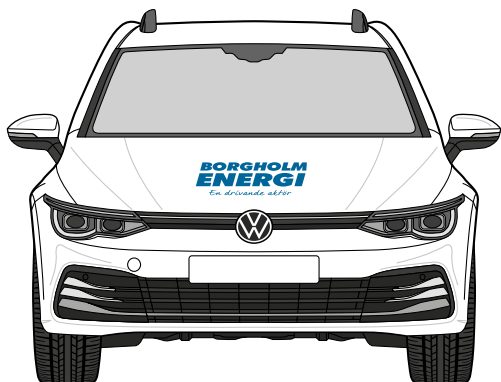

- **Standardutförande**
- **Liten battenburg**
- **Full battenburg**

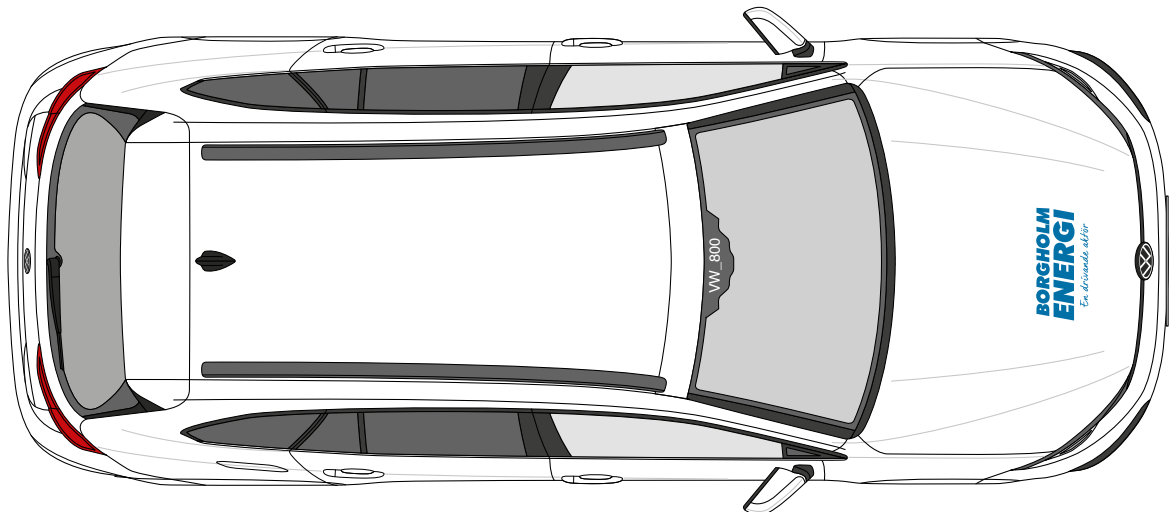

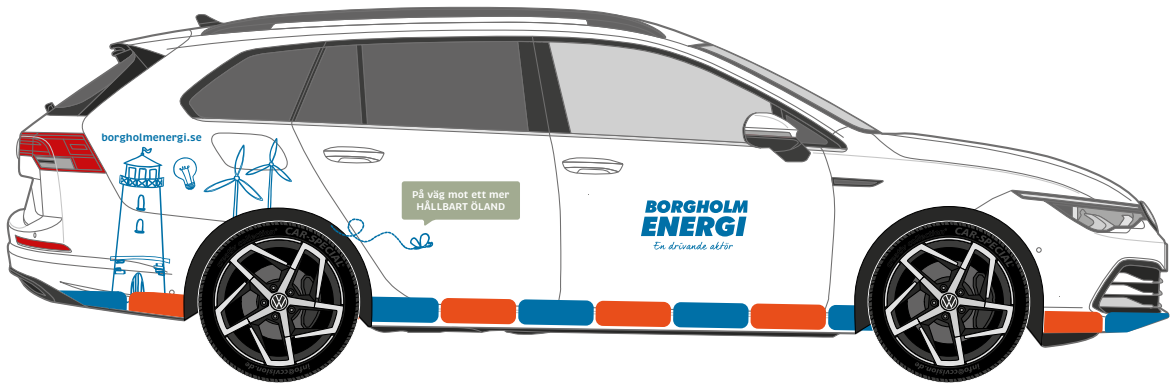

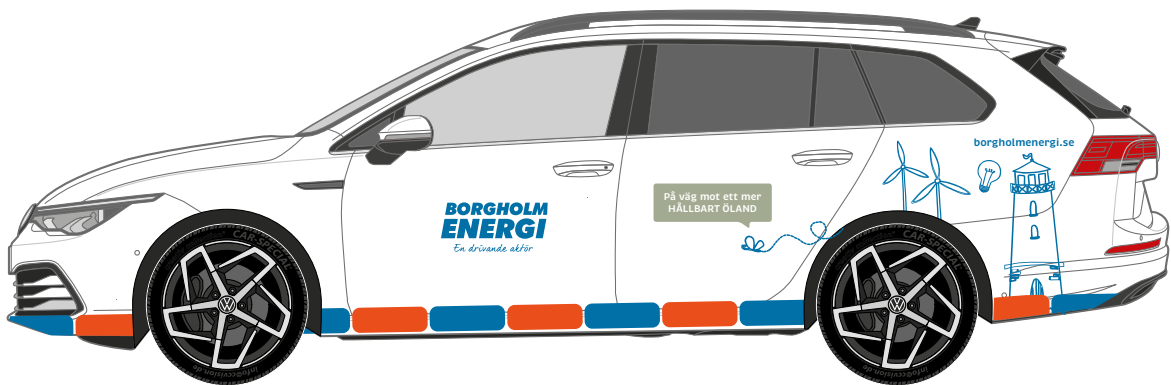

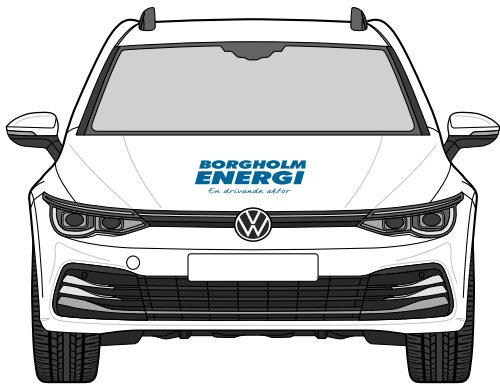

Alla tre utföranden finns också med **en miljöprofil** som ska användas då bilen drivs med ett energi- och miljövänligt drivmedel.

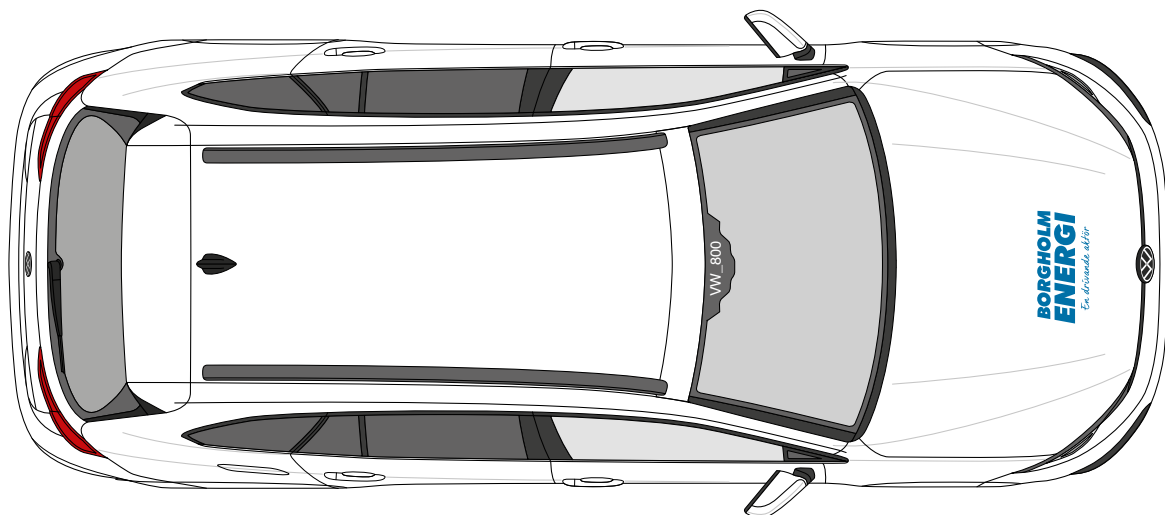

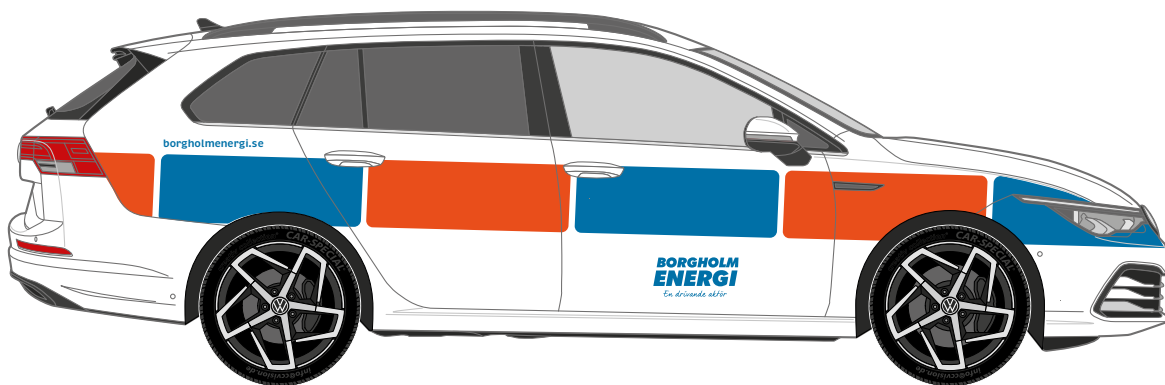

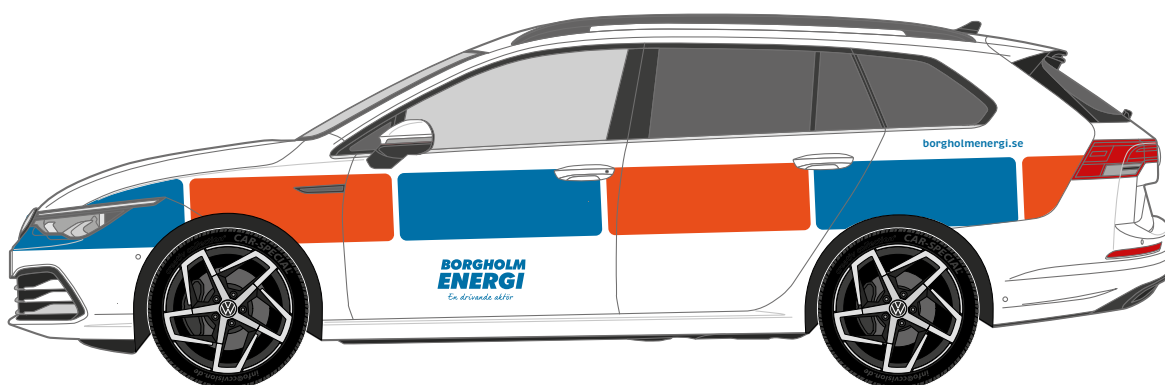

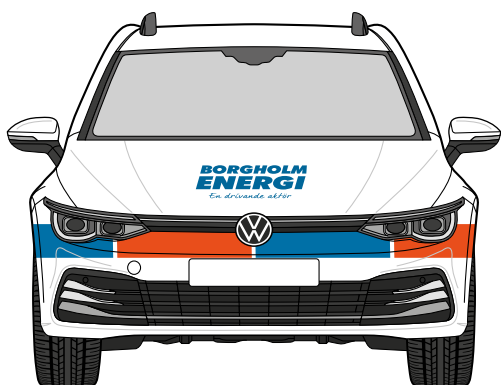

BILMODEL 1 - VW PASSAT

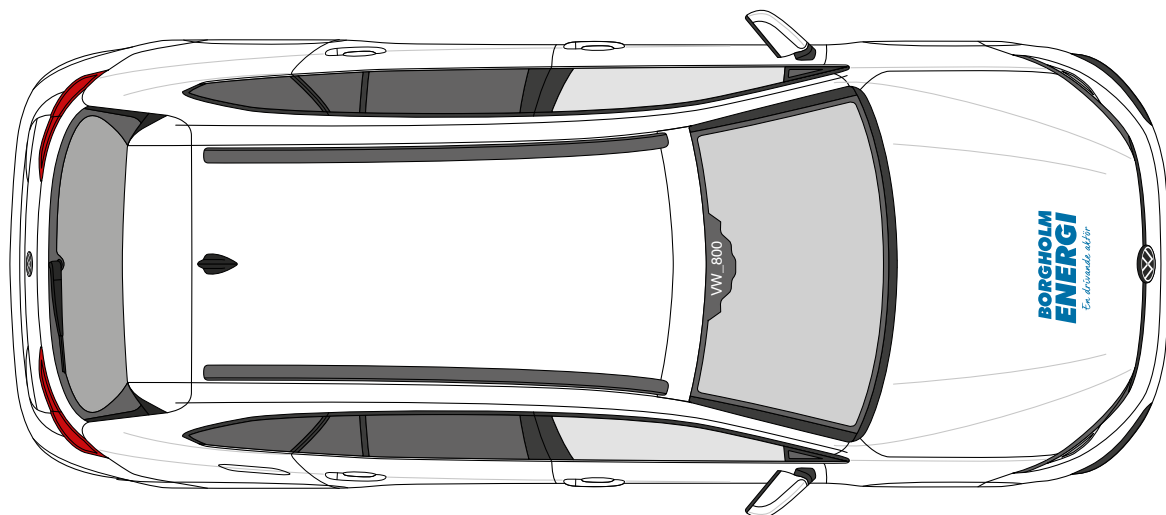

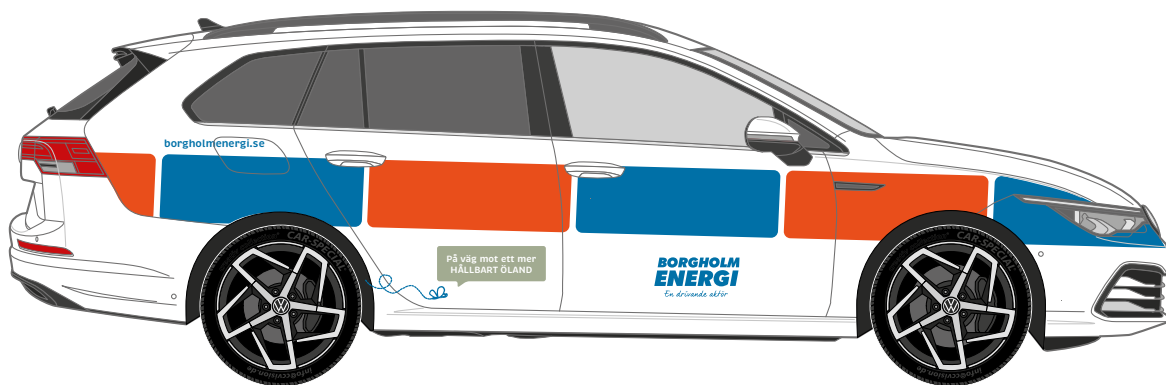

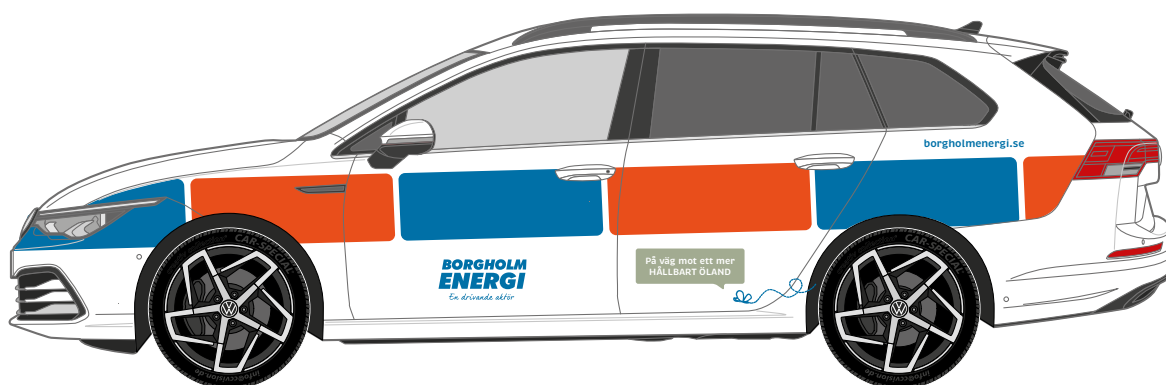

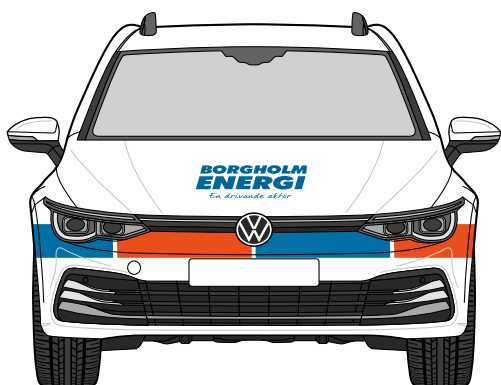

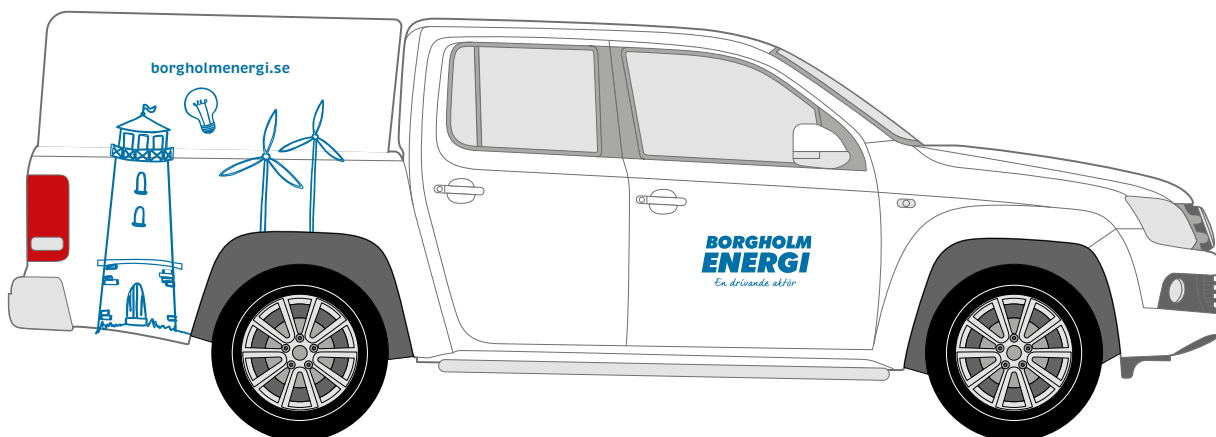

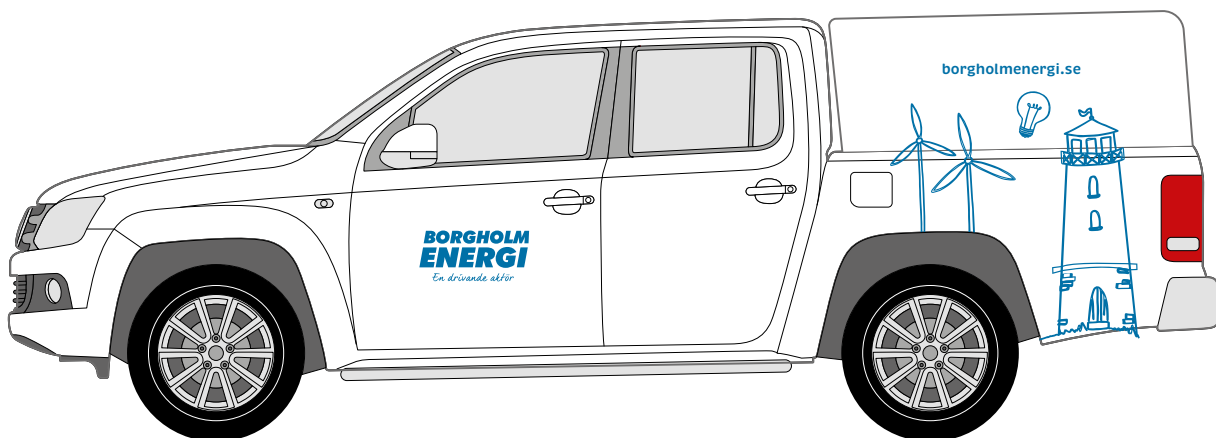

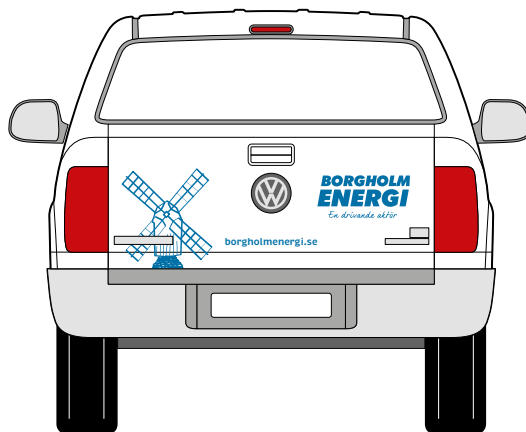

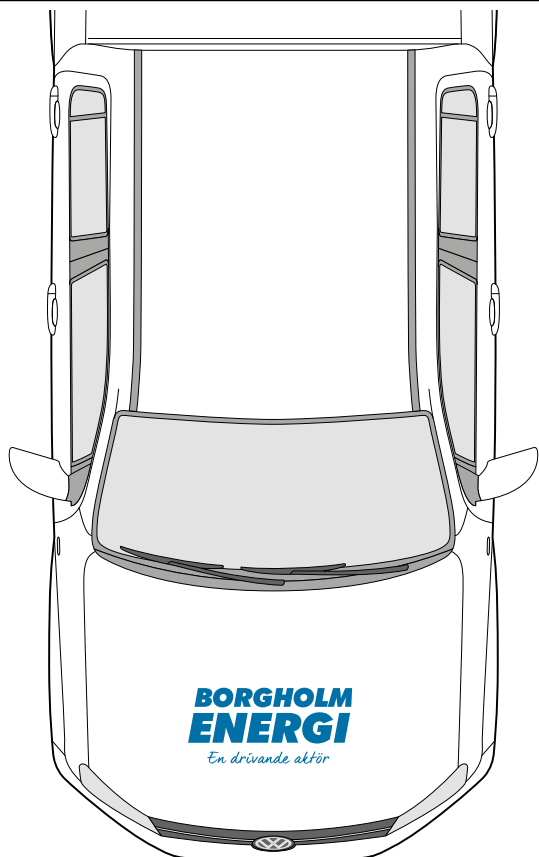

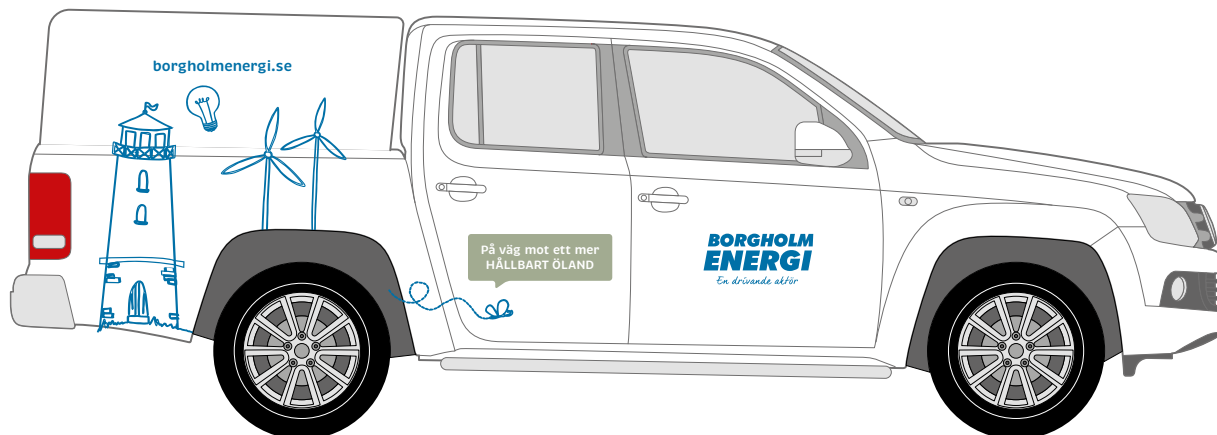

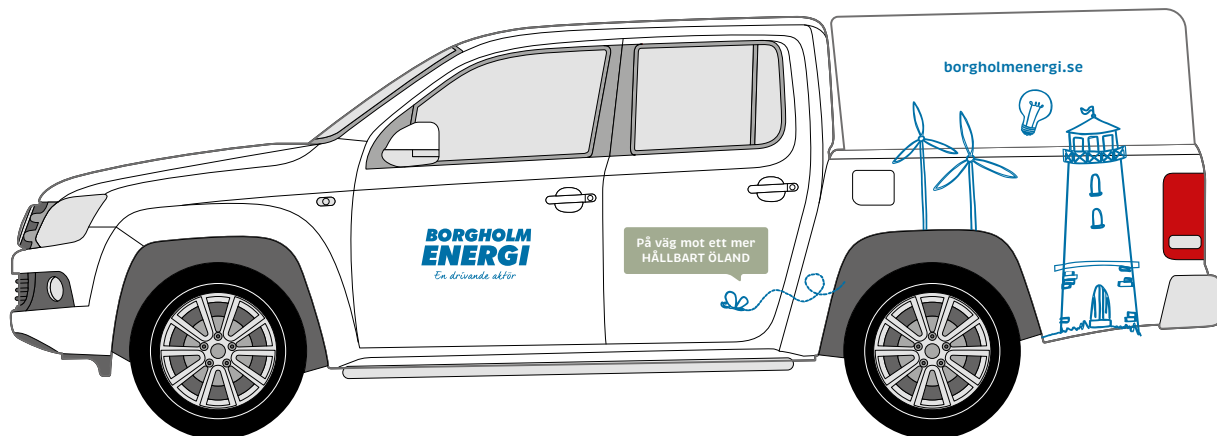

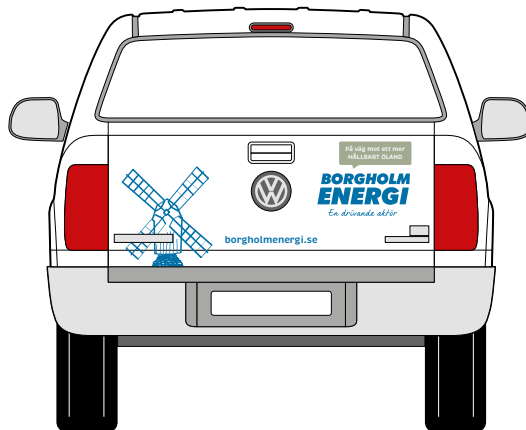

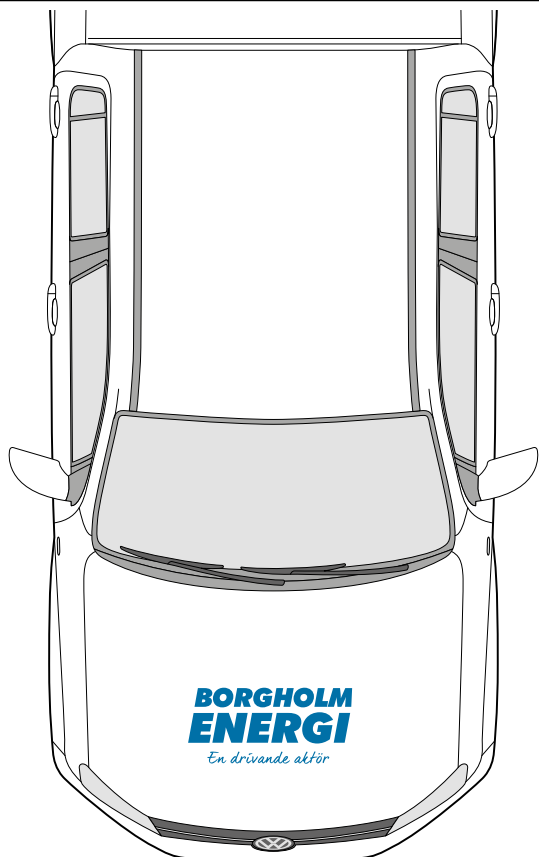

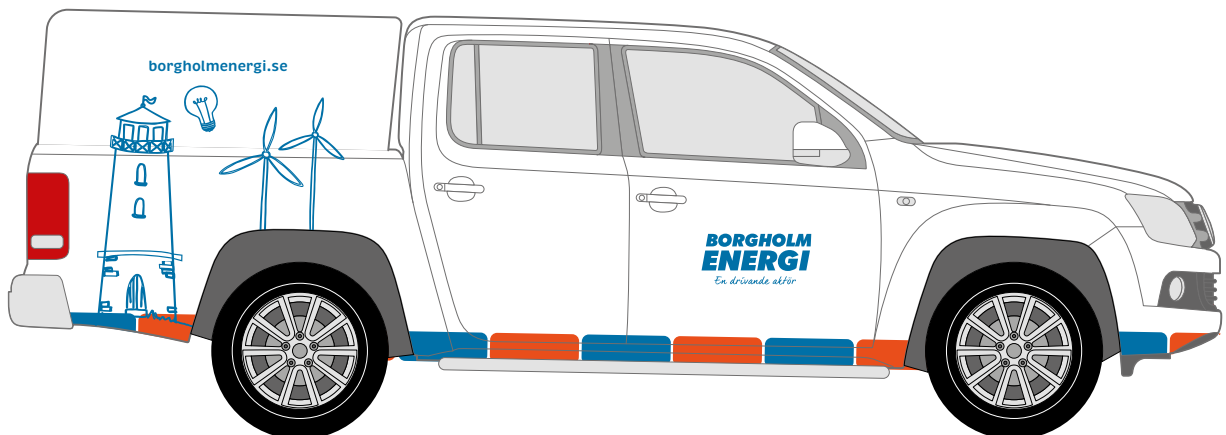

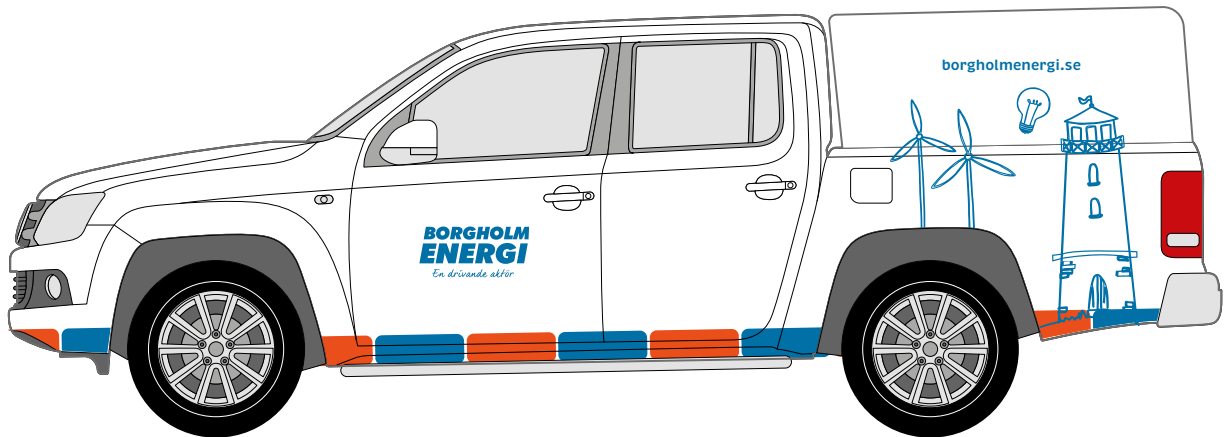

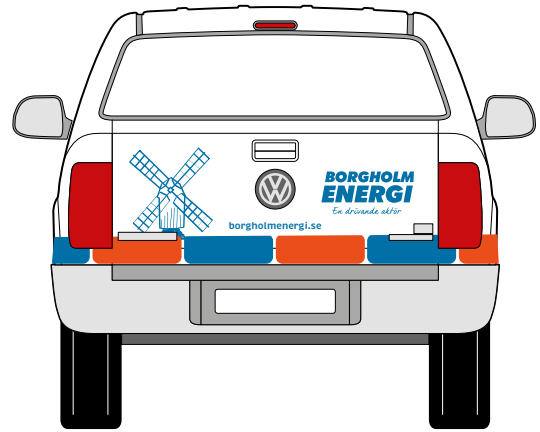

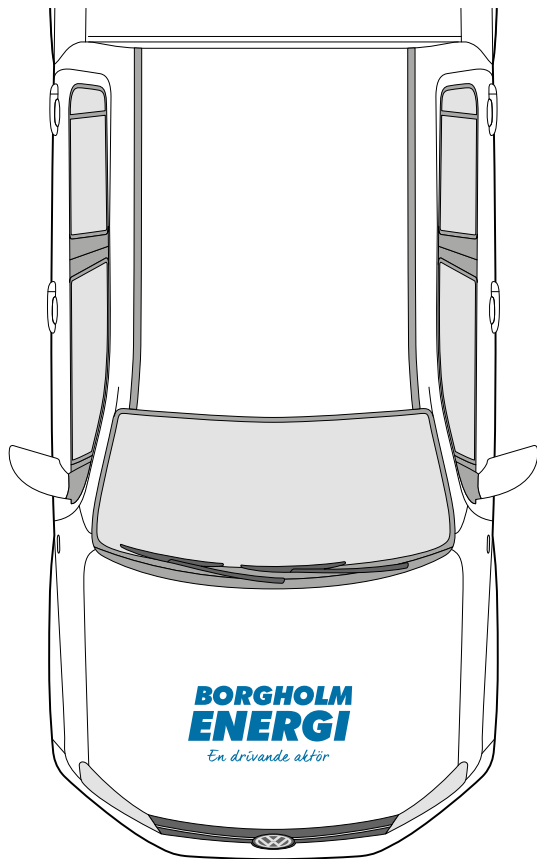

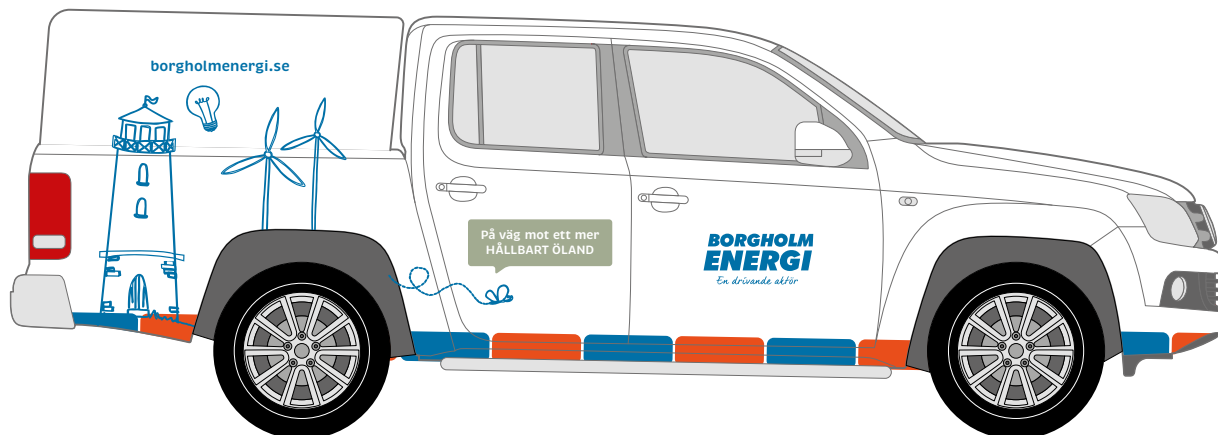

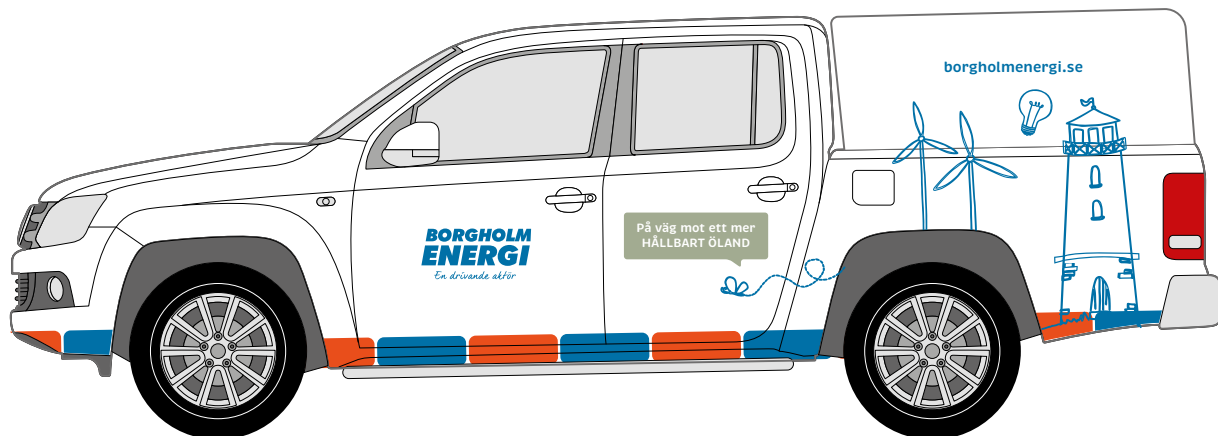

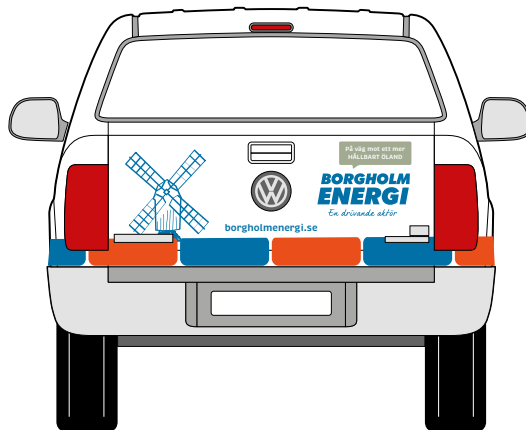

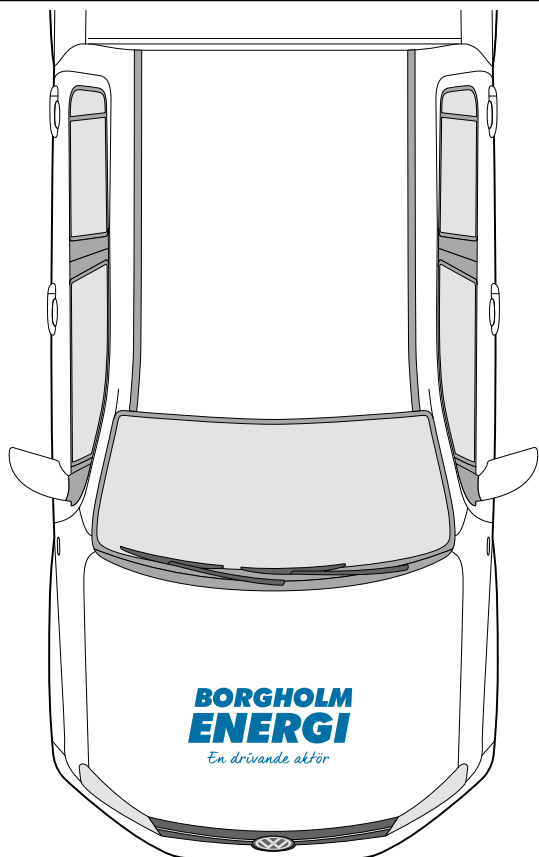

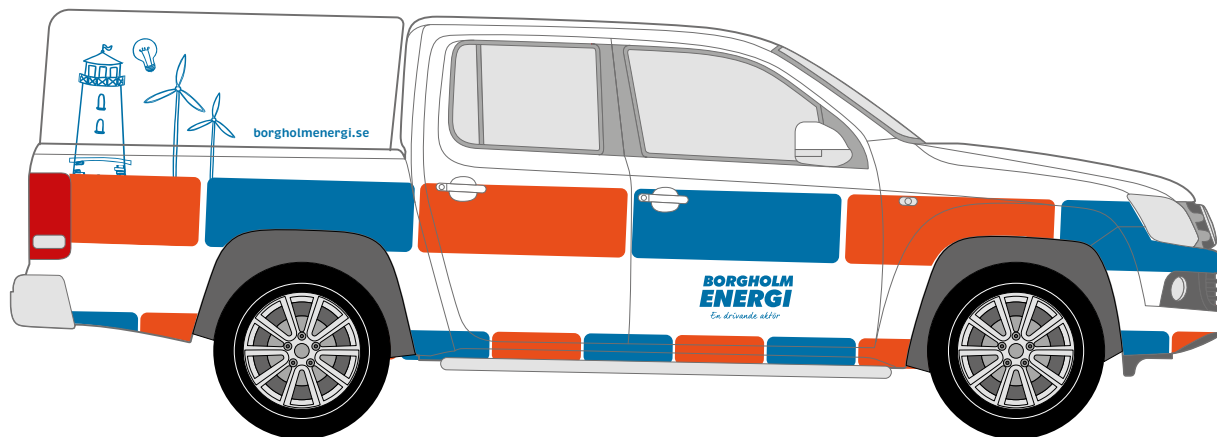

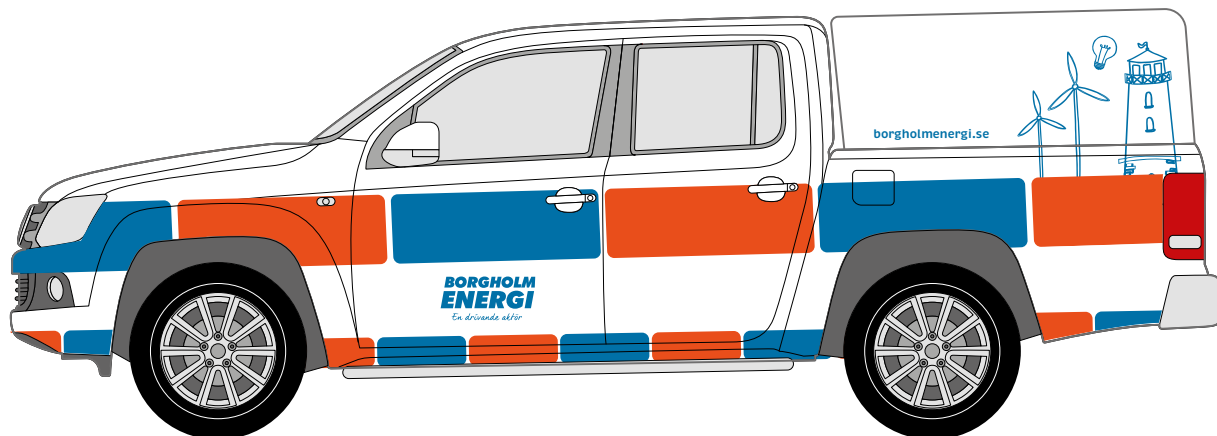

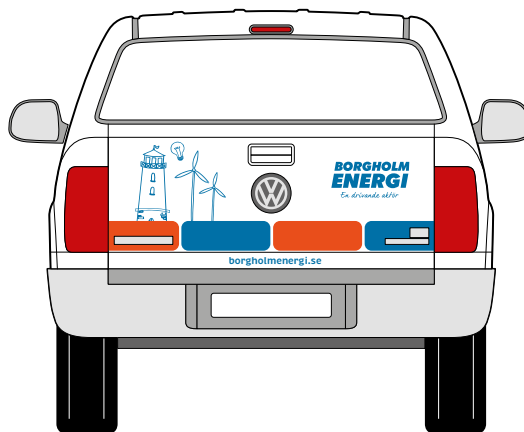

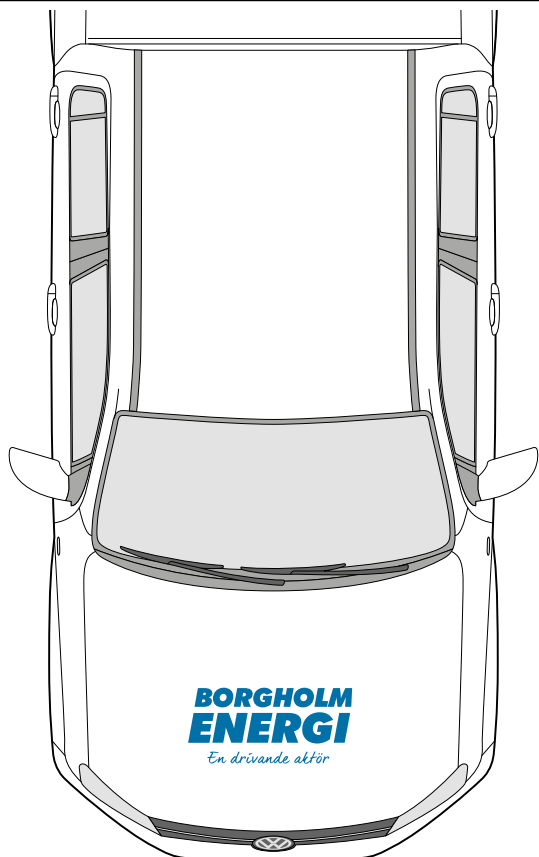

BILMODELL 2 - VW AMAROK

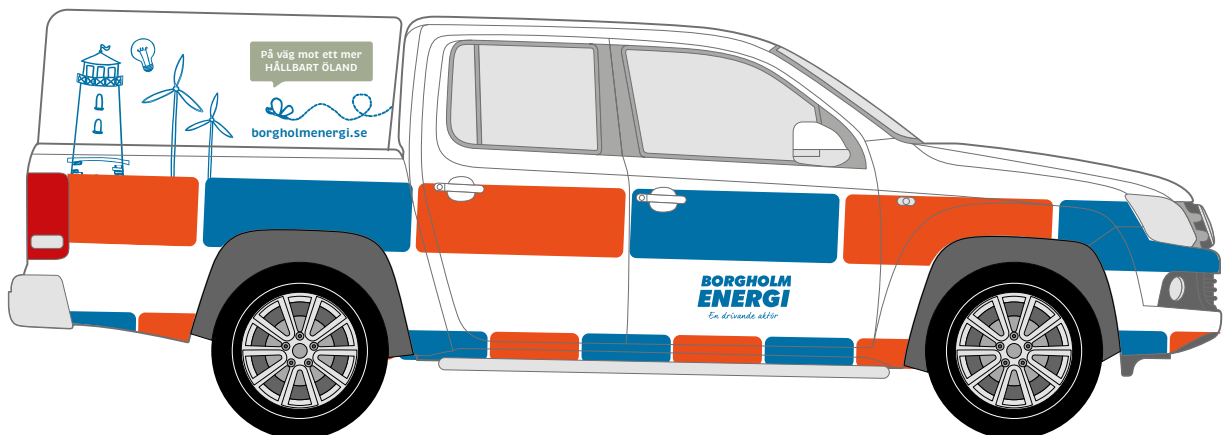

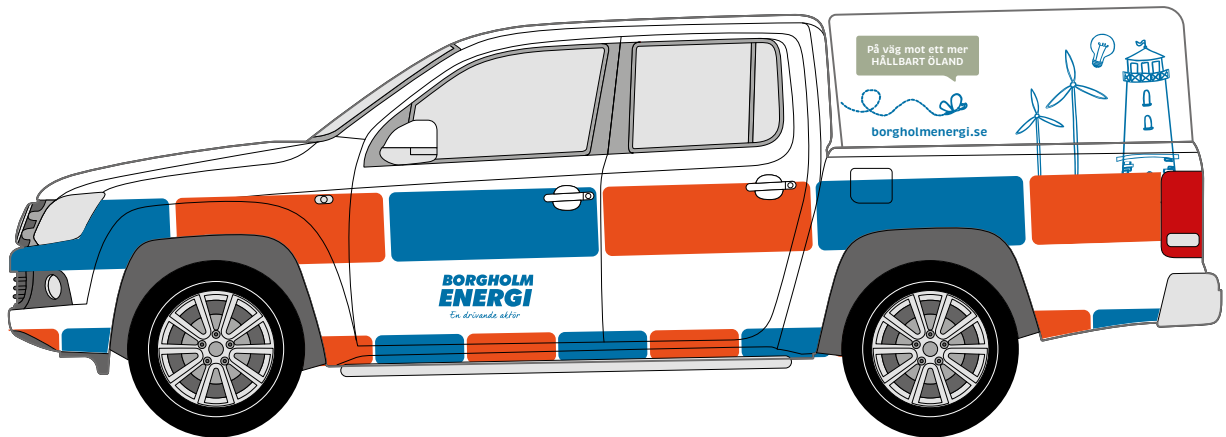

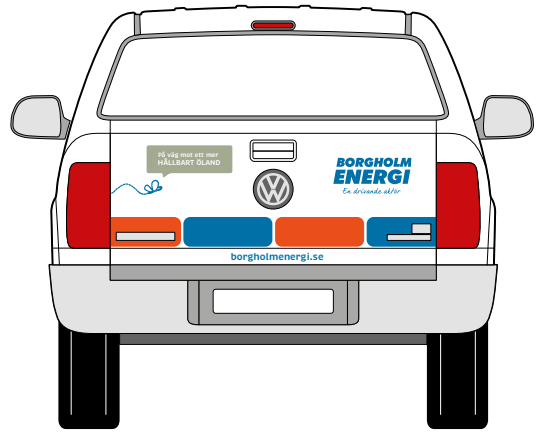

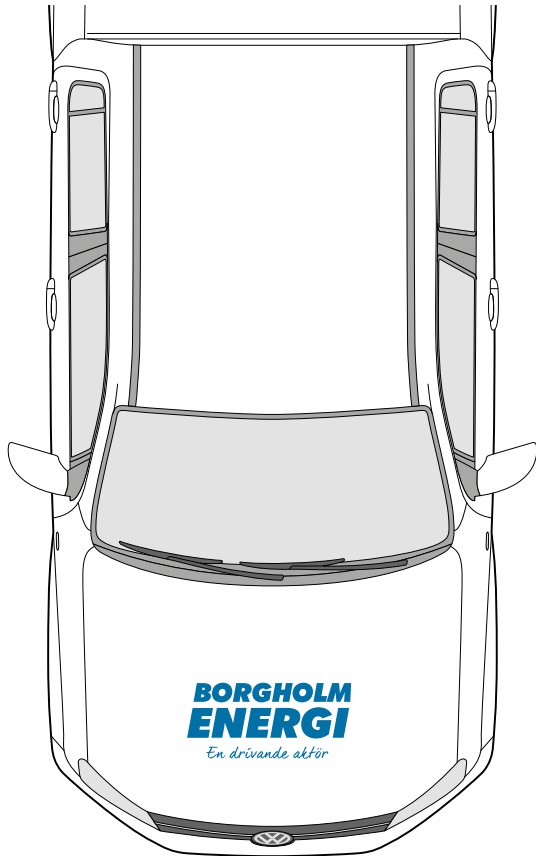

BILMODEL 3 - VW CRAFTER
